

Deltarune Reflections - Privacy Policy

Effective Date: September 2026

1. Data Controller and Contact Information

The game "Deltarune Reflections" is developed and managed by "**N1GH7M4R3**", founder of Team Reflections.

- **Contact:** For any privacy-related questions, you can contact the developer via Discord at **kai_dev**.

2. Platforms and Requirements

The game is officially available for **PC (Windows and Mac)**. A Linux version is also provided (with Nobara Linux recommended for optimal performance). The game operates entirely standalone and **does not require access to, or integration with, third-party accounts** (such as Steam, Google, or other platforms).

3. No Personal Data Collection

We care about your privacy. **Deltarune Reflections does not collect, store, or transmit any personal data** or online identifiers from your device. There are no analytics, tracking SDKs, or cloud databases connected to the game.

4. Local Save Files and Database

All player progress, items, locations, battles, and character data are **saved locally on the user's computer**.

- **User Responsibility:** Because all data remains strictly on your local database, Team Reflections has no access to your files. If you modify, corrupt, or delete these data files manually, we cannot be held responsible for any loss of progress or damage to the game state.

5. Age Appropriateness

The game features an original story inspired by DELTARUNE and contains content designed for **teens (Rated T / 12+)**. We do not knowingly target or collect information from children under the age of 13.

6. Player Rights

Since all game files and progress are stored locally on your device, **you have full control over your data**. You can modify, back up, or permanently delete your save files, progress, and the game itself at any time directly through your operating system.
